SUMMARY

I'm looking to bring my years of experience working with a wide range of clients and technologies to a company full of enthusiastic people and challenging projects.

EXPERIENCE

VISIBLE MEASURES – DESIGNER – MAR 2015 – MANAGER – MAR 2016 - PRESENT

Worked closely with stakeholders and users to deliver UX solutions in an agile setting
Guided and facilitated work from other designers and contractors
Coordinated and integrated Design workflow with Product, Marketing, and Engineering
Established improved QA, testing, and deployment process for products and features
Created materials including wireframes, prototypes, and final UI for SaaS platform
Produced branded material such as sell sheets, decks, emails, websites, and more
Developed and implemented brand identity system
Filmed and edited promotional video materials

ESPN - UX DESIGNER - JAN 2014 - JAN 2015

Created rich, responsive apps and websites for a global audience
Worked with design team to perfect user experience
Collaborated on front-end coding of sites and components

DRINKCAFFEINE - UX DESIGNER - FEB 2008 - AUG 2013

Designed creative content, from concept to implementation, for web, mobile, and print
Designed and coded apps and rich interactive components
Created branding for various clients, from international brands to local businesses
Prepared and implemented video content for use on the web
